

## “Bee” Your Best. . .With Character Education

The “Bee Your Best” program is based on the main character education words (*Buzz Words*). Through guidance lessons and over the loud speaker at the beginning of each month we will introduce the 9 words. Each month there will be a new Buzz Word. During this month students are expected to show good character demonstrating the word presented to them. For a creative approach and a way to capture the students’ interest we will reinforce the proper use of each word. Each classroom teacher (*Bee Patrol*) will distribute a *Honey Comb* point every time their class shows they are following the Buzz Words learned thus far. These points can be earned during Special or in the classroom.

(To simplify things . . .)

The class with the most Honey Comb points on December 1 will receive a pizza party and come June the class with the most points will earn a pizza party.

Our first word will be introduced in October and a description of the program will be introduced in the first two weeks of guidance lessons. Throughout the year we will encourage each student to “bee” the very best student and citizen that they can. Come June each student should know the 9 Character Education Buzz words, be able to define them, and apply them in and out of school. Let’s have fun while teaching our students what it means to “Bee” a good person!
